Designed by Us... Personalized by You

Your style, your space, your needs. Rather than tell you what the perfect bathtub looks like, we think it makes sense for you to tell us.

Americh provides you with a comprehensive palette of designs, features, accessories, sizes and bathing systems from which to choose. With impeccable customer service, and exacting enviroumental standards, Our skilled artisans build your bathtub according to your specifications, right here in the United States...and a unique Americh bathtub is born.

In these pages, you'll see our bathtubs in a range of spaces: classic and contemporary, individual and shared, cozy and chic. Our customized approach produces bathtubs that fit seamlessly into any bathroom, any life, any style.

Americh luxury bathing systems.

Founder, **Edward Richmond**

In 1982, the new Americh made a splash in the industry as the one-size-fits-all mold was broken, giving way to an exciting and unique customized bathing experience. Expertly crafted Americh designs reflect timeless elegance and classic lines, energized by subtle European influence. At Americh, we believe simplicity is the essence of quality, taste, and enduring style. Our extensive collection of designs, our broad palette of colors, and the definitive selection of finishing touches create endless possibilities, allowing the customer to design a personalized bathing experience.

In 1985, Americh expanded its production capabilities by opening an additional manufacturing facility in Charlotte, North Carolina, enabling more efficient product delivery. Customer service support representatives in both locations now provide service and technical support 12 hours each day. Our employees are dedicated to providing customers with the highest quality service and products.

For more than 30 years Americh has remained true to the philosophy of providing clientele with cutting edge designs and a level of quality that is unmatched in the industry. Americh has been known for innovative ideas and a flair for stimulating the imaginations of designers and home enthusiasts alike. At its very heart, Americh is about facilitating the transformation of an ordinary bathroom into a personal refuge of serenity and rejuvenation.

"Simplicity is the essence of quality, taste, and enduring style."

Ranging from beautifully traditional to minimalist contemporary designs, the Americh collection of transcendent freestanding bathtubs are handcrafted by our skilled craftsmen.

The ultimate statement in quality and style.

The **ROC Collection** products are constructed with mineral cast materials utilizing the finest natural organic components combined with specialized agents to form a natural stone solid surface tub.

Mineral Cast materials improve structural integrity making them very strong and provide natural insulation to help maintain bath water temperature.

All ROC Collection bathtubs are available in matte or glossy white finish.

The **Whisper Collection** acrylic bathtubs are designed and engineered specifically for our "pipeless" whirlpool technology. The Whisper technology uses independent motors at each jet that are strategically positioned to provide the ultimate hydro-massage therapy.

This innovative technology provides one of the most calming and relaxing bathing experiences available.

All Whisper bathtubs include:

- 6 Jet Pipeless System
- Americh® Control Pad
- 2 chromatherapy Lights
- Waste + Overflow
- Pre-mounted Pump + Control
- Pre-leveled Bathtub
- 20-Year Limited Warranty

At Americh, our focus not only includes the master bath. Our **Skirted Collection** of bathtubs are designed primarily for the secondary bath.

Most of these tubs integrate a decorative acrylic apron and molded-in tile flange to fit perfectly into a three wall alcove installation.

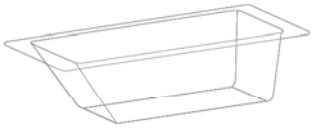
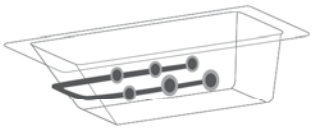
SOAKING BATHTUBS



Submerge yourself in an environment of profound serenity and blissful healing. Extra deep Americh® soaking bathtubs provide superior heat retention, along with sensitive ergonomic designs for refined comfort.

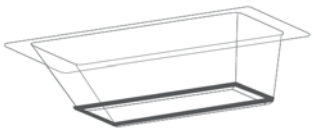
WHIRLPOOL BATHING SYSTEM



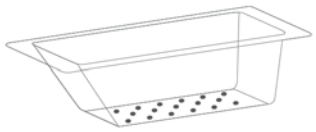
Imagine the healing benefits of a deep tissue massage combined with warm circulating water. Our highly advanced hydro-massage system penetrates hidden tensions, stimulates circulation, and restores vital energy sources. Various pressure and direction levels give you personal control of your massage.

Americh's hydro-massage jets have the lowest profile in the industry.

AIRBATH® BATHING SYSTEMS



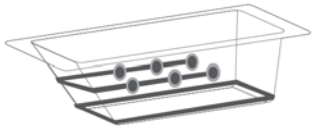
Airbath® II
Perimeter-placement jets



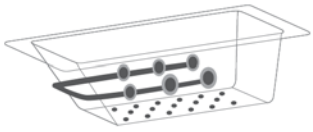
Airbath® III
Floor-placement jets

Surprise your senses with gentle bursts of warm air bubbles, invigorating your body and spirit with restorative energies. The Airbath® II system (perimeter-placed jets) also has a luxurious heated back.

WHIRLPOOL-AIRBATH® BATHING SYSTEM



Whirlpool-Airbath® II Combo
Perimeter-placement airjets



Whirlpool-Airbath® III Combo
Floor-placement airjets

For the ultimate pampering, indulge in the restorative powers of a combination system. Enjoy the deep muscle massage of whirlpool, the soft sensuous touch of Airbath®, or revel in both sensations simultaneously: our combo systems offer the maximum range of therapeutic, invigorating, and pleasurable options.

DESIGNER FINISHES

Our full array of designer finishes and accessories allow you to personalize your bath and maximize your bathing experience.

SELECT YOUR ACCESSORIES

CHROMATHERAPY LIGHTS

Revered in the healing traditions of India, China and Greece. Each color corresponds to a vibration with its own wave length and rhythm, leading to increased physical, psychological, and emotional wellness.

JETS

Our Rotary Jet upgrade provides the perfect massage action for back and feet.

Standard Jet

Rotary Jet

PILLOWS

Americh offers a variety of pillows to maximize bather comfort and enhance the bathing experience.

Full Back Pillow

Suction Cup Pillow

Angle Pillow

GRAB BARS

Grab Bars are available to improve bather safety and accessibility in and out of the bathtub.

9", 14", or 16" Grab Bar

Madison Grab Bar

iBATH™

Don't just listen to your music while in the bath, feel it! Experience it! With speakers integrated into the internal structure of the tub, when you play your music through your personal device such as MP3 players, tablets, moblie phones, etc... The entire tub becomes a speaker, pulsing with the rhythm of music. Through Bluetooth technology you can play your favorite music and become a part of it.

REMOTE CONTROL

Our completely waterproof remote control is ergonomically shaped, lightweight and fully submergible. The remote attaches to the side of your bathtub with strategically placed magnets for effortless access.

LO-PROFILE TUB EDGE

The option to trim the tub deck to 1/2" - 3/4" gives you a sleek looking bathtub profile.

APRONS

Aprons are available for customers looking for an endless finish of the bathtub. We offer several different styles of aprons with seamed and seamless versions.

Flat Apron
(Non-removable)

Accessible Apron with removable panel
(to access motors and electronics)

Bermuda® Apron
(exclusively designed for use on our Bermuda corner units)

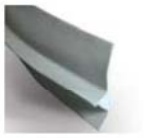
Multi-Sided Aprons
(designed for bathtubs with two, three or four sided aprons

TILE FLANGES

Our tile flange options are great for two or three wall installations. The tile flange provides a barrier to assure water does not drip behind the tub which could cause unnecessary water damage.

Molded Tile Flange
(Factory installed)

Metal Tile Flange
(Factory installed)



Rubber Tile Kit
(Field installed)

HIGH DENSITY INSULATION

Our High Density option incorporates extra layers of fiberglass reinforcement to help improve sound insulation and maintain water temperature.

PUMP + HEATERS

The Syllent Pump upgrade is energy efficient and the quietest pump in the industry. Adding the Syllent Pump will improve your bathing experience for years.

These Heater options are designed to minimize temperature loss of your bathing water:

Inline-Heater – designed for the whirlpool bath and operates whenever the whirlpool system is running.

Serenity Soak – designed for non-jetted bathtubs and is a low voltage water circulation system that operates with minimal water movement.

Syllent Pump

Inline Heater

Serenity Soak

WASTE + OVERFLOW

A feature used to drain most bathtubs:
Cable Drive – Americh offers a cable-drive waste & overflow for use on most of our bathtubs. The cable-drive drain has less moving parts inside the tubing, reducing the possibility of clogging.

Exposed Drain – primarily used for free-standing bathtubs. The exposed drains are available in several illustrious metallic finishes.

Linear Overflow – a slotted drain provides a more contemporary look.

Cable Drive

Exposed Drain

Linear Overflow

HYGIENE

Energize your tub with Ozone! Ozone, or energetic oxygen, uses natural UV light as a powerful oxidizer of contaminants in the water. Ozone purifies naturally, even oxidizing soaps, deodorant, hair spray, cologne, makeup, perfume, body lotion, hand cream, sun tan lotion, to name a few. In addition it helps clean the water from the natural oils on your skin. It also helps destroy bacteria, viruses, and algae. Ozone offers that care-free environment that enhances your bathing experience. The Ozone accessory is only available on whirlpool and airbath systems.

JetFresh® System Cleaner
Is the original system cleaning liquid engineered to help maintain the cleanliness of your bathing system. Jet Fresh works on Airbath®, whirlpools and combination systems and is easy to use.

Ozone

JetFresh® System Cleaner

Americh offers two distinct collections of acrylic shower bases with over 100 different models for you to make a more personal choice.

From our **Standard Collection** of bases, chose from single, double, neo-angle and barrier free bases to meet your specific showering preferences.

Our **Designer Collection** offers more contemporary designs, a low profile threshold and your choice of square or channel drains. These shower pans have been designed to accommodate neo-angle, single, double, triple and freestanding applications, so you have the flexibility to design the shower that fits your style.
