INNOVATIONS AROUND THE HOME.

From touch faucets with nearly 80 styles and finishes to stunning new bath collections, Delta Faucet continues to introduce new products and innovations that add elevated style and enhanced functionality to your home. This handy guide features our newest products and technologies. To see our full line of products and solutions, visit deltafaucet.com.

TOUCH2O® AND TOUCH2O.xt™ TECHNOLOGIES.

The first of its kind. With more choices than ever. Thoughtfully designed to make kitchen tasks easier, Touch2O Technology allows you to turn the faucet on and off with just a touch—anywhere on the faucet's spout or handle. It was the first innovation of its kind on the market, and now offers more styles, finishes and options than ever.

Enhance your touch experience with the additional benefit of going hands-free with select models that feature Touch2O.xt Technology. Activate the flow of water by moving close to the faucet—it senses your presence anywhere 4" around it. Choose Touch2O and Touch2O.xt Technology faucets for the kitchen and bath. And see how a touch can change everything.

Now featuring TempSense™ Technology that measures the temperature of water and the LED changes color as the water temperature changes.

Blue means cold. Red means hot.

TOUCH₂O._{xt}™ FAUCETS. NEW STYLES. NEW FINISHES.

Touch it on and touch it off or go completely hands-free with Delta Faucet's newly expanded line of Touch₂O._{xt} bath faucets. Along with the Dryden™, Addison™ and Lahara® faucets, you will be able to order the sleek, modern Compel® faucet with Touch₂O._{xt} Technology. And for a dazzling new choice in finishes, check out Dryden faucets adorned in beautiful Polished Nickel. With more styles and more finishes to choose from, the Touch₂O._{xt} faucets from Delta® are sure to please everyone.

**BEVERAGE FAUCET WITH TOUCH₂O[®] TECHNOLOGY.
SOAP DISPENSER WITH TOUCH₂O._{xt}[™] TECHNOLOGY.**

Expanding the realm of touch. Delta[®] is excited to bring its Touch₂O Technology to the Beverage Faucet and Touch₂O._{xt}[™] Technology to the Soap Dispenser. Add hands-free convenience to the Delta electronic soap dispenser by entering into the 1" capacitance sensing field to dispense liquid soap. Now everything around your kitchen sink can work with just a simple touch.

Choose between traditional and transitional styles for the beverage faucet and traditional, transitional and contemporary styles for the electronic soap dispenser. With just a touch, you can get soap to wash your hands or fresh drinking water to cool off with.

*On select soap dispensers

LELAND® KITCHEN WITH TOUCH₂O® TECHNOLOGY.

Traditional style with modern functionality. The Leland kitchen collection was inspired by the simple forms and beautiful lines of the Taj Mahal. This combination of style and sophistication is now offered with the modern feature of Touch₂O Technology. Available on different configurations and finishes sure to complete your kitchen.

ESSA™ KITCHEN COLLECTION.

Soft contemporary take on a euro-design. The Essa kitchen collection includes subtle details that allow the faucet to blend with contemporary and transitional design. This design is paired with modern technology and features innovations such as Touch2O® Technology with TempSense™ Technology, MagnaTite® Docking and DIAMOND™ Seal Technology, for enhanced reliability and performance.

TESLA™ BATH COLLECTION.

Progressive. Organic. Evolved. A natural fit for any room. Set apart from typical modern design by its divergence from cool, straight lines, the Tesla Bath Collection is an elegant, soft contemporary solution. The collection features a full suite of products and innovations, including an expanded accessory offering like a tissue holder with a removable cover, a light sconce and a new floor mount tub filler.

Visit www.deltafaucet.com/tesla for additional information.

TRINSIC® AND COMPEL® BATH COLLECTION EXPANSIONS.

Sleek elegance of modern design at competitive price points. The latest product additions to the Trinsic and Compel Bath Collections are aimed to delight in both style and functionality. New models include a wall mount lavatory, vessel riser, high-arc faucet, tub only trims and TempAssure® thermostatic showers.

*Trinsic Collection Only

FLOOR-MOUNT TUB FILLERS.

Sophistication that stands out. Sleek and modern or classically traditional, the Delta® Floor-Mount Tub Fillers make an elegant addition to your bath. The design of the single-hole, one-post tub filler allows for flexibility in rough-in location and reduces the time for installation. A variety of finishes are available for each model.

ODYSSEY™ DIGITAL SHOWER.

Personalize your shower experience with just a touch.

Delta Faucet is revolutionizing the shower experience with the introduction of the Odyssey Digital Shower. Step into an invigorating, personalized shower oasis controlled with just a simple touch on an intuitive touch screen.

This latest smart solution is available in two designs. The future of showering is here. Enjoy.

**Optional wireless remote available*

TEMP₂O™ TECHNOLOGY HANDSHOWER AND SHOWERHEAD.

Get the right temperature every time. An LED display shows the temperature as well as a specific color for the temperature range. Enjoy the comfort of a perfect shower as well as peace of mind when bathing children and pets.

TEMP₂O™ TECHNOLOGY TUB AND SHOWER.

Take the guesswork out before you get in. Three colors signal different temperature ranges for an easy, visual indication of the water temperature.

Battery Powered—Temperature display operates with 3 AAA batteries and provides an estimated 2 year battery life.

Valve Only Option—Offered in a valve only option to allow you to order a specific handle to create your own custom look.

Complete Tub/Shower Option—A pre-configured option, available in each of the three designs.

H₂OKINETIC® SHOWERS.

Feels like more water without using more water. It's not magic. It's the H₂Okinetic unique wave pattern that creates the feeling of more water. Enjoy 3X the coverage of a standard shower resulting in a warm and soothing shower unlike any other.* For those wanting more spray settings, Delta® offers new multi-setting H₂Okinetic Showerheads, Handshowers and the popular In2ition® Two-In-One shower that meets WaterSense guidelines.

*Coverage measured in accordance with EPA WaterSense® Specification for Showerheads, March 4, 2010.

TOUCH20 MAESTRO GAME.

Touch the right faucets to play the right notes, and keep up as the game gets faster and tougher each round. The Delta Touch20 Maestro game is available for the iPad® via iTunes®. Enjoy many levels that will test your skills.

DELTA VISION.

Want to know what a new Delta kitchen or bath faucet will look like in a specific setting? The Delta Vision app allows you to choose a faucet, take a photo of a sink/counter, and realize the vision.

Delta Faucet is committed to sustainability and providing smart water delivery solutions that maximize water savings without sacrificing comfort and convenience. Our commitment to sustainability extends to waste reduction and the preservation of natural resources and the environment. That's why we choose to print on Forest Stewardship Council (FSC) certified paper.

WaterSense® is a registered trademark of the U.S. Environmental Protection Agency.
