

**THE MAESTRO COLLECTION**

MAESTRO (mis'tro) noun. A master in art. In Italian, Maestro means "master". In English, Maestro reflects the mastery of an artistic field. In any language, the Maestro Collection is a composition of fine art, craftsmanship, style and elegance.

Twenty-first century tub technology inspired by generations of fine artists. We like to think we've mastered the art of the freestanding tub.

## PICASSO

Pablo Ruiz Picasso was a painter, draftsman, sculptor, and one of the most recognized figures in 20th century art. Picasso's periods of dynamic change are embodied in his work as was his admiration of prior master artists.

Gentle, sloping curves add charm and subtlety to the tub by the same name. Like the artist's Blue Period, the Picasso tub is clean, sparse, yet warm.
