# Behind the **MADELI** Brand

## OUR DESIGNS

Functional Elegance ...our motto and two words that capture the very essence of MADELI's design philosophy. European influenced, our designs are boldly elegant and stylish, while maximizing the modern functionality demanded by today's educated and discriminating consumers. Our design team, with 50 years of combined experience in market research has brought together the latest consumer trend and elegant, functional designs to make the bathroom one's very own sanctuary.

## OUR FURNITURE GRADE QUALITY AND CONSTRUCTION

Our manufacturing philosophy is to use the highest furniture-grade materials and the most reliable brand hardware in the industry today: Blum® and Grasshopper®. Our wood finishes feature furniture grade plywood layered with solid wood veneer inside-out, assembled and then protected by several layers of polyurethane coating for durability, waterproofing and peace of mind for years to come. Soft-closing motion hardware for doors and for full-extension drawers is a standard feature on all Madeli products. Combining the newest technology standards into its manufacturing processes along with traditional craftsmanship and rigorous inspections, Madeli assures the consumer that only the finest quality products will be delivered to their home.

## OUR RELENTLESS COMMITMENT

# X-Stone™ - MADELI's True Solid Surface

After years of research, Madeli is introducing its X-Stone™ Solid Surface Collection of countertops and basins. Manufactured with its exclusive and proprietary blend of solid surface ingredients to achieve a Glossy White finish, X-Stone™ Solid Surface offers superior quality and benefits when compared to most engineered or surface-coated mineral composite products.

Unlike other composite materials which are fabricated with a thin colored polyester cap layered over a polyester/ limestone substrate with hollow and void areas, X-Stone™ is a non-porous and monolithic material. It's solid all the way through and its finish is infinitely renewable if damaged. X-Stone's Glossy White finish is resistant to stain, mold and mildew. It's easy to clean and maintain.

Due to its 65% organic ATH (Aluminum Tri-hydrate) composition, X-Stone is fire retardant and 30% lighter than other "less than solid" tops. Its surface is also harder and offers superior scratch resistance.

Madeli X-Stone™ Collection stands by its 10-year Limited Residential Warranty.
