MOEN®

FOR THE LOVE OF WATER

Something magical happens when we interact with water. A warm shower can lift the spirit. A cool glass of water can refresh and renew. Exploring water in nature can make anyone feel a part of something bigger. Water is essential to life. It connects us to our environment, and to each other. It's no wonder that being with water inspires a greater sense of harmony with the world and deepens moments that make us feel most alive. With each new product Moen creates, we celebrate water's ability to nourish, cleanse and bring people together. One innovation after another, we create new products and technologies **for the love of water.**

MOEN®

Contents

Flara® Bath Collection Featured in Chrome

Science and sensation in sync. It's showering reimagined.

Indulge your senses with the shower of your dreams. Meticulously engineered for optimal warmth, rinsing

and body coverage, Nebia by Moen™ delivers an immersive, spa-like experience. The design-forward product

architecture provides two times the coverage while using up to 45% less water*.

*When compared to standard Moen 2.5gpm showerhead

(Shown Opposite) **Nebia by Moen™ Shower Rail and Handshower in Chrome and White** | N207C0CH

Speak volumes of water and more.

U by Moen™ Smart Kitchen Faucets are revolutionizing the home through the power of voice control and hands-free, intuitive operation. With multiple ways to dispense precise volumes and temperatures, together or separately, this is water delivery how you want it, when you want it – every time. Just say the word to fill your pasta pot. Simply speak to pour the perfect baby bottle. Or, don't say anything and simply wave your hand to activate the water flow. Say hello to your new kitchen assistant.

Available in 8 collections with 7 finish options

U by Moen™ Smart Kitchen Faucet, shown on Align® in Spot Resist™ Stainless | 7565EVSRS
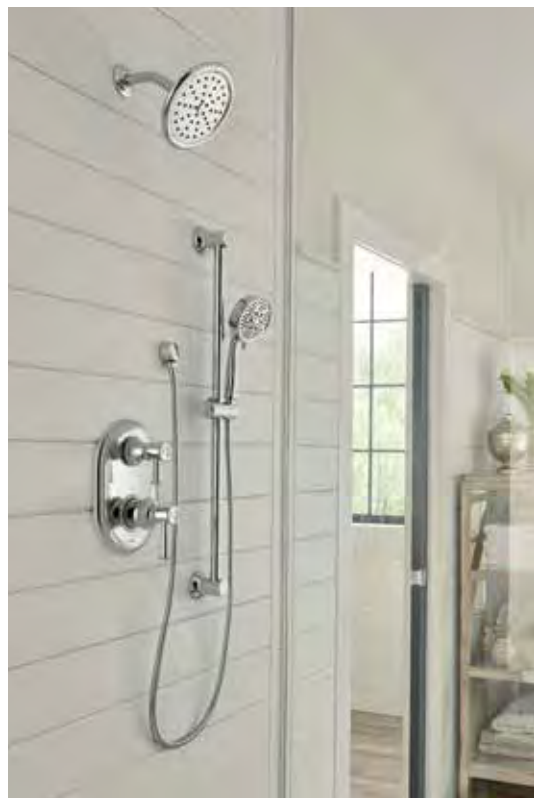

Flexible installation meets freedom of design.

Easy install, countless possibilities. This is shower design on your time. The M-CORE™ Valve System makes

the pro's life easier with a simpler install, and gives homeowners the flexibility to choose or change trim

even after the valve has been installed. It's an ideal experience from start to finish.

Distinctive style elevates everyday water experiences.

Tailored traditional. Modern glamour. Industrial chic. All in one striking faucet. Colinet's uniquely versatile

design blends elegant, contemporary elements with beautiful details to flow seamlessly with any desired

style aesthetic. Immerse yourself in the bathroom of your dreams with this full suite of stunning fixtures.
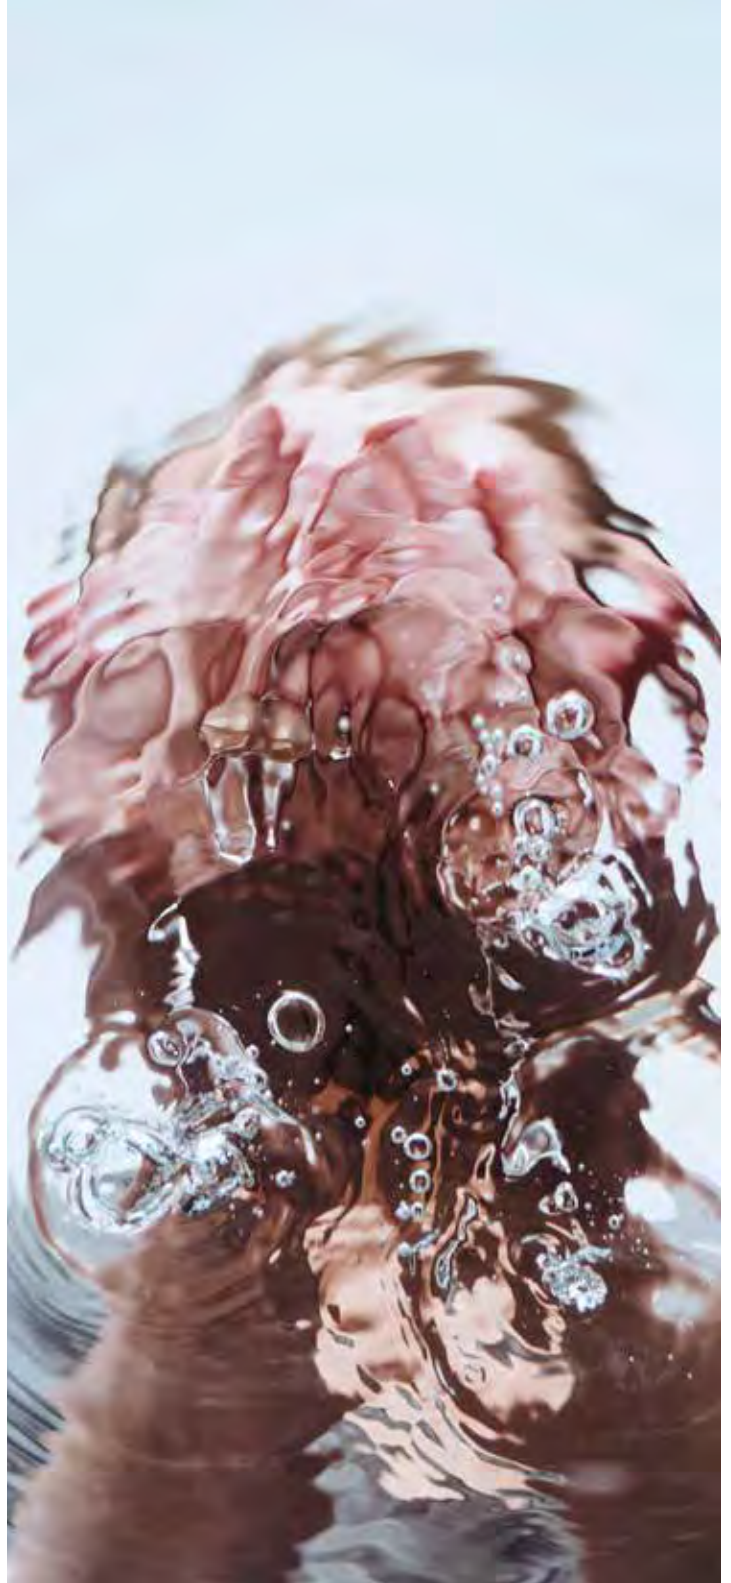

A departure from the ordinary.

A strikingly beautiful evolution of traditional stainless, Moen's black stainless finish is thoughtfully designed

to stand out on its own, or blend with existing elements and details. The chameleon of finishes, it's crafted

to coordinate with a mixture of materials and colors to anchor any kitchen design. Discover Moen black

stainless and add a new sophisticated aesthetic to your daily water encounters.

Sleek™ Pre-Rinse Pulldown Kitchen Faucet in Black Stainless | 5925BLS

Art Deco glamour dazzles in kitchen designs.

Dramatic grandeur, inspired by the opulence of the Roaring 1920's. The Sinema™ kitchen collection merges

traditional and modern style cues to exude graceful sophistication. Luxurious architectural scalloped details

on the base and handle combine with a statuesque profile to command attention in any kitchen.

Handle Detail

Sinema™ Pulldown Kitchen Faucet in Matte Black with Brushed Gold Handle | S7235BL

The next level in home water security.

The Flo by Moen™ whole home water monitoring security system offers peace of mind and puts you in

control over your home's water. Help prevent pipe leaks, and monitor usage with the Flo by Moen Smart

Water Shutoff. And for what you can't control, Flo by Moen Smart Water Detectors sense moisture and

notify you whenever there is a threat present. With convenient smartphone controls, there are more

options to keep the things you love protected.

Moen® Network
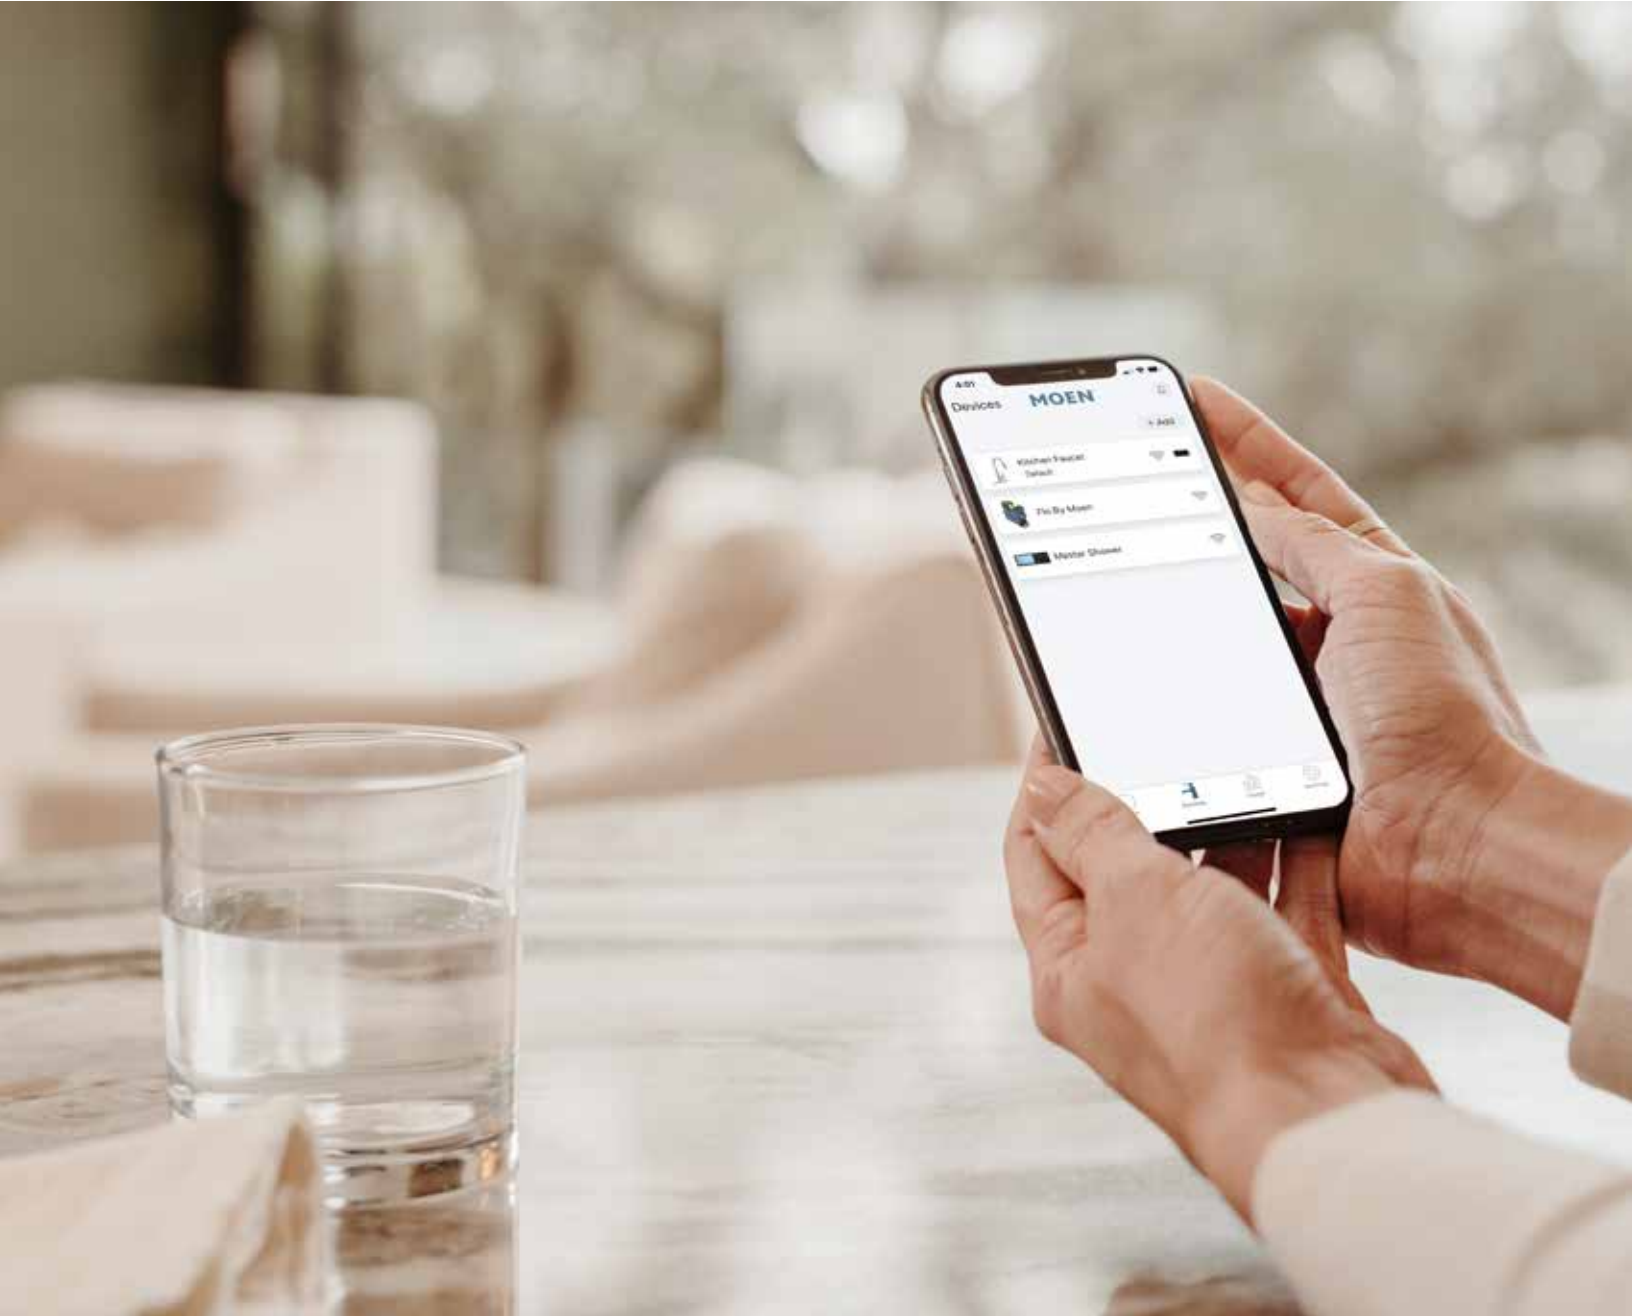

The **Moen® Network** uses smart technology to help simplify everyday tasks in the kitchen and bath and to enhance home protection.

The Moen® Network
Take Control of Your Home

We're at the dawn of a new age in which we have more control over where, when and how we experience water in our homes each day. We are refining our industry with products that not only look beautiful, but respond more intuitively, are more personalized and enhance every interaction with water.

NEW

Ŭ BY MOEN
SMART FAUCET™

A voice-activated kitchen assistant to simplify everyday tasks at the sink.

flō BY MOEN™
SMART WATER SHUTOFF

Remote water shutoff from your phone to protect your home, even when you're not there.

Ŭ BY MOEN
SMART SHOWER™

Personalize your shower experience and control it remotely with the latest in smart home technology.

NEW

flō BY MOEN™
SMART WATER DETECTOR

Identify leaks or water issues to prevent damage and protect your home.

U by Moen™
Smart Kitchen Faucets

This line of smart kitchen faucets provides the extra set of hands everyone needs in the kitchen. Offering useful benefits – like precise measurements, exact temperature and unlimited personalized presets – and voice-activation technology, you can use new ways to activate your faucet to simplify everyday tasks at the sink.

• Remote activation via smart phone app

• Two presets on controller, 12 in total with smart phone app

• Valve and showerhead sold separately

Two- and Four-Outlet Valves

• Digital thermostatic shower valve

• Precise temperature control

• Two-outlet connection size: ½" inlets & ½" outlets

• Four-outlet connection size: ¾" inlets & ½" outlets

• Fits standard 2'x4' wall

• Includes 30' data cable

Flo by Moen™
Whole Home Water Security

The best way to avoid water damage is to prevent it. Backed by years of product development and industry-leading technology, the smart water shutoff detects and stops leaks. From your toilet, shower or faucet, to the pipes in your foundation and behind your walls, the smart water shutoff monitors all of them, so there's no surprises on your water bill or catastrophes when you come home from vacation.

JUST ASK alexa | works with Google Assistant | Works with IFTTT | Control4
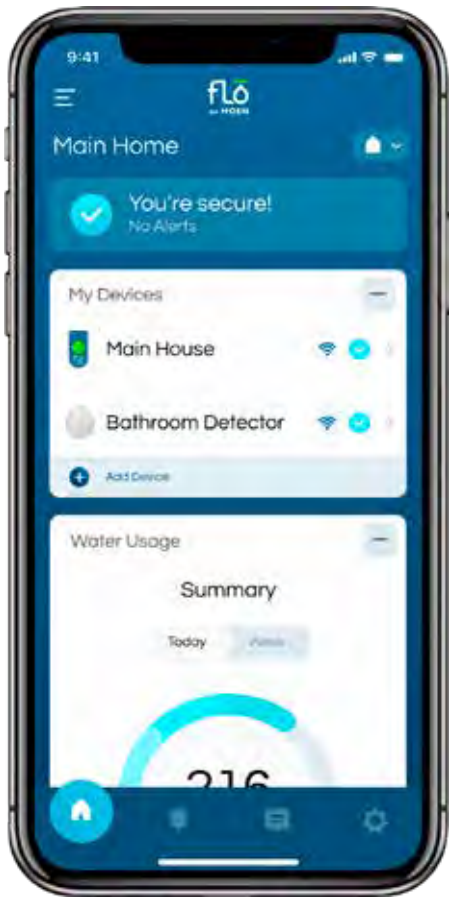

Smart Water Shutoff
Remote water shutoff from your phone and automatic water shutoff for protection even when you're offline.

Microleak™ Technology
Advanced sensors detect leaks as small as one drop of water per minute.

Proactive Protection
Daily health tests help keep your home leak-free and alert you when there's an issue.

Smart Water Detector
Stand-alone sensors that can be placed anywhere in a home to alert users if, when and where it detects moisture, temperature and humidity.

Savings
Save water and money while protecting your home and possessions from water damage.

Support
On-call experts to help you identify and troubleshoot detected leaks.

Contact your Moen sales representative or visit **moen.com/flo** for additional information.

flo BY MOEN™

Flo by Moen™
Whole Home Water Security

The smart water shutoff is a mainline water monitoring device for your home.

Flo by Moen includes built-in pressure, flow and temperature sensors and advanced cloud analytics. The smart water shutoff learns a consumers home; monitors water usage on a daily, weekly and monthly basis; identifies leaks or excess water usage; alerts the homeowner of any issues; and can automatically shut off the home's water to prevent water damage and protect the home.

GX SERIES

½ Horsepower
GX50C

Features:

GT SERIES

½ Horsepower
GT50C

Features:

The **Prep** ™ Series

Designed for those who slice, dice and peel as part of basic meal prep, and need a little more help with cleanup.

Garbage Disposals

The *Lite* Series

Designed for those who rarely cook from scratch and just want cleanup to be simple.

GX PRO SERIES

⅓ Horsepower
GXP33C

Features:

GT SERIES

⅓ Horsepower
GT33C

Features:

Moen's Limited Warranty with In-Home Service guarantees help is there when you need it.

If service is requested during the warranty period, Moen® will have a service agent repair or replace the disposal in your home at no charge. Our garbage disposal portfolio includes warranties that vary from 2 to 10 years.

Please see **moen.com/consumer-support/warranty** for complete product warranty information. Browse the full collection at **moen.com/garbage-disposals**

Universal Xpress Mount™ fits Moen and most existing 3-bolt mounting assemblies

Permanent magnet motor designed to help reduce jamming

SoundSHIELD™ designed to provide sound deadening insulation*

*SoundSHIELD™ available on select models

Continuous feed grinds as long as power is on

High-speed VORTEX POWER™ motor provides fast, powerful grinding

Pre-installed power cord is a savings over other models where cord must be purchased separately; cord removes easily for optional hardwiring

Batch Feed Stopper activates disposal for safer operation; no wall switch required (only for batch feed disposals)

Fast Track™ Installation, - Simple Snap Tool quickly secures mounting assembly - Easy Open Dishwasher Inlet. No additional tools required.

Custom Showering

Mosaic™ Body Spray
TS1322

Voss™ Tub Filler
695

**Overhead-Mount
Rainshower Showerhead**
S1004

Now there's a shower to go with every body.

With expanded lines of tub fillers, body jets, rainshowers, handheld showers and the **U by Moen™** showering system, an at-home spa is right at your fingertips. Experience the ultimate in customization and transform any bathroom into a personalized escape, no matter the size and space.

There are numerous configurations for pairing products to create the perfect system for you. Combine a four-outlet U by Moen system with a showerhead, rainshower, handshower and body sprays, and bring the spa home. From soothing aching muscles to overindulging in self-care, there's a combination for every need.

Digital Showering

Once upon a time,

people turned a handle to start their shower.

That was before Moen® made it possible to start your shower with the sound of your voice or a tap on your smartphone. Smart home assistants, such as Amazon's Alexa, allow us to adjust lighting to fit our mood, play our favorite music and even order late-night pizza. So why not use the same technology to make an everyday shower amazing?

Compatible with Amazon Alexa, Apple HomeKit and Google Home, **U by Moen™** connects to your Wi-Fi for a customizable shower experience for your whole smart home portfolio. U by Moen remembers personalized settings by name and offers elegant finishes to fit harmoniously with any shower design. Make your shower work for you — all at the sound of your voice or the touch of an app.

With U by Moen, the wave of the future starts with a shower designed just for you.

- Personalized setting for every occasion
- Remote activation with Amazon Alexa, Apple HomeKit, Google Home and U by Moen smartphone apps
- Digital controller with LCD display
- Water-saving warm-up and pause
- Flexible installation with two- and four-outlet valves and controllers

Digital Showering

Digital Showering for Every Space

U by Moen™ with Two- and Four-Outlet Controller and Valve

From cozy showers to spacious spas, **U by Moen** combines luxuries such as body sprays and hand showers that turn a shower into an escape. Available with a two-outlet digital controller and valve for smaller spaces and a four-outlet digital controller and valve for larger spaces, make any shower you get in feel like getting away.

Two- and Four-Outlet Controllers

- Wi-Fi connected shower controller
- Easy-to-read 5-inch non-touch LCD screen
- Soft-touch buttons for each outlet and power, temperature and present buttons
- Stylish matte black and terra beige finishes coordinate with any shower design
- Five-Year Limited Warranty

Two- and Four-Outlet Valves

- Thermostatic digital valve with precise temperature and outlet control
- Compact valve design and 30-foot data cable for flexibility in install locations
- Easy servicing with accessible filter screens
- Optional battery backup kit (179573) for continued operation during power outages
- Four-outlet valve uses ¾" inlets and ½" outlets; 16.0 gpm flow rate
- Two-outlet valve uses ½" inlets and ½" outlets; 10.3 gpm flow rate
- Five-Year Limited Warranty

Smartphone App

- Operates U by Moen shower remotely and allows customization and personalization of many additional preferences

286-289.

The **ExactTemp®** valve uses thermostatic technology for precise temperature control while delivering the high-volume capability to feed multiple showering devices. Its thermostatic cartridge automatically compensates for fluctuations in hot and cold water supply to ensure comfort and pinpoint temperature accuracy. There's no need to readjust temperature as your hot water tank begins to cool. In addition, the handle position sets maximum water temperature and temperature memory, so you can easily dial up the same experience day after day.

A Designer's Dream

Enjoy **M-CORE™**'s improved style options including perfectly matching transfer trim, and attention to details that reflects a desire for a dream bathroom. Not only does M-CORE allow for a wider array of trim selections, it also lets those going through the new construction or remodeling process take their time with selections as functionality and style choices can be made after the valve is plumbed.

With M-CORE transfer valves, consumers can choose from a wide range of options to flow showering devices in a single or shared mode.

- Offers 3 or 6 function transfer ability:

  3 function: Three distinct or two distinct/one shared

  6 function: Three distinct or three shared

- Broad range of finishes and perfectly matched style

Shower Spa

MOENTROL®

Operate one function at a time, such as showerhead or handshower, or operate two functions simultaneously.

Our **Moentrol** and **Posi-Temp®** valves offer the ability to incorporate two-or three-function transfer valves for exactly the shower experience you want. Both valves let you select from a broad range of modern, transitional and traditional suites.

- Two-function design offers two distinct operations, such as a showerhead or handshower.

- Three-function design permits the operation of one showering device at a time (i.e., showerhead or handshower) or the combination of both.

- Three independent functions allow for singular operation of any one of three showering devices (i.e., showerhead, handshower or tub spout).

Shower Spa

Annex® Featured in Chrome

ANNEX™

With industrial-inspired sophistication, Moen's **Annex** Shower Rail combines fashion and function, letting you enjoy both the showerhead and handshower of your choice.

Versatile Annex installs without disturbing existing tile or having to change the height of the showerhead, so you can easily add a handshower to your shower design.

With 2½" adjustability between the shower rail and wall, Annex installs easily against any surface. In addition, it mounts directly to a flush wall or a wall with up to a 1" offset. The secure Annex mounting system meets ADA pull-force requirements, up to 250 lbs. Annex pairs with Moentrol® or Posi-Temp® valves and corresponding trims.

Annex Shower Rail

NEBIA BY MOEN™

A Blissful Shower Experience That Saves Water

Nebia by Moen leverages the best of science and technology to create a showering experience engineered for optimal warmth, rinse-ability and body coverage. Through a process called atomization, the method of breaking water into tiny droplets. Atomization creates the sensation of more water while actually using up to 45% less*.

Coordinating Accessories

Danbury® Featured Brushed Nickel Finish

Six Ways to Complete Your Bath

1 Double Curved Shower Rods

With the double curved shower rod, you can create up to 5½" of additional elbow room in the shower while providing visual appeal and adding extra hanging space. These innovative rods are available in five of today's most popular finishes and offer an additional rod to separate the decorative shower curtain from the shower liner.

2 Knobs and Pulls

With our distinctive collection of knobs and pulls, you can create a perfectly matched kitchen or bath, available in an array of styles and finishes.

Look for this icon to find products with pivoting innovation!

3 Pivoting Paper Holders

Now there's no excuse to leave the bath tissue roll empty! Many Moen® paper holders feature an innovative, spring-free design that makes changing the roll quick and easy. Simply lift the arm, insert the new roll and set the arm back into place. The pivoting arm remains attached so there's no spring to lose and no extra parts to drop.

All of our bath accessory collections feature a towel ring, robe hook, 18" and 24" towel bars, and a paper holder. And there is so much more — hotel shelves, tank levers, mirrors and glass shelves are offered in many collections.

4 Decorative Hotel Shelves

Kingsley®, Eva® and Iso™ Decorative Hotel Shelves help create the high-end, coordinated styling of an upscale hotel while adding valuable storage space.

5 Bathroom Lighting

Lighting fixtures are available in ten of the most popular Moen® bathroom collections. All of the styles can be mounted with globes facing either up or down.

In addition to high-end style, our lighting provides installation benefits. The Quick-Connect Wiring System lets you pre-wire the light fixture to the junction box, meaning there is no need to hold the fixture up to the wall during the wiring process. Glazed sockets help ensure the socket rings install with ease. Additionally, the UL®-listed fixtures are backed by the Moen warranty and our industry-leading customer service.

6 Grab Bars

Stylish grab bars like Voss™ bring safety and style to the bath in your choice of chrome, brushed nickel, oil rubbed bronze, matte black, and brushed gold finishes. Even better, SecureMount™ Anchors make installation possible anywhere on the wall, with or without studs.

Pro-Fit® Installation System

The Moen® three-step Pro-Fit Installation System is the simple, most innovative way to mount bath accessories. Installation is as easy as 1-2-3.

1. DRILL IT

The innovative template has a built-in level for accurate drilling of pilot holes for both 18" and 24" towel bars or paper holders.

2. SCREW IT

The single-screw mounting system creates a fast and solid installation.

3. CLICK IT

The locking tab clicks to hold the post firmly in place and eliminates the need for a set screw.

DRILL IT

Use the installation mounting template with built-in level.

SCREW IT

Screw in fastener.

CLICK IT

Press on the post until it locks into place.

PRO-FIT
INSTALLATION SYSTEM

IT REALLY IS THAT SIMPLE!

Plus, we've eliminated the set screw. Designed with input from professional installers, the Pro-Fit Installation System was made for faster installation and fewer callbacks. And of course, there's the extra assurance of quality that comes with the Moen brand.

To view online installation videos, visit **moenpro.com**.

The Pro-Fit Installation System eliminates set screws for faster, easier mounting. There's even a template with a built-in level.

Pro-Fit Installation Template

Kitchen Compliments

EXCEPTIONAL FAUCETS ARE ONLY THE BEGINNING

Who says Moen towel bars are just for the bathroom? With several faucet-matching collections featuring both kitchen and bath fixture options — such as Weymouth®, 90°™, Waterhill® and more — we've made sure our accessories can also do double-duty in the kitchen.

Position a towel bar or towel ring beside the kitchen sink or on a kitchen island. Place a hook to hang potholders. Install a decorative shelf to house spices. And don't forget matching drawer knobs and pulls that help you carry the style throughout the workspace.

Kitchen Compliments is about creating a kitchen without compromise. Moen offers exceptional products that deliver all the style and functionality you need in a dream kitchen — now with the convenience of getting it all from one trusted brand. That means a guaranteed style compatibility, quality and satisfaction.

Make Every Bath a Safe Bath™

While bath safety is often only considered for older adults, it should be for all stages of life. From babies to boomers, Moen® offers a full range of products to make baths safe and stylish.

GRAB BARS	**SHOWER SEATING**	**HANDHELD SHOWERS**
GRAB ON TO SAFETY	**SITTING PRETTY**	**PAUSE CONTROL**

Moen's line of grab bars is designed to reduce the risk of falls in the tub or shower, while blending in seamlessly with varying styles of bathroom décor.

Moen seats, chairs and transfer benches make showering safer and more relaxing. Our products not only provide stability, but they also offer a host of convenient features that will make every shower more pleasant, safe and enjoyable.

Water flow is reduced at the touch of a button with this handheld shower's innovative pause control feature. An easy-to-turn, oversized spray control offers shower, pulsating or massage sprays in addition to the water-saving pause feature.

SecureMount™ Grab Bars and SecureMount Anchors make it possible to quickly and easily install a grab bar with or without studs.

SECUREMOUNT™
SYSTEM

GRAB BARS   +   **ANCHORS**   =   **SYSTEM**

EASY, SECURE INSTALL... ANYWHERE ON THE WALL™

1. **SECUREMOUNT GRAB BARS**
   The unique flange makes it easy to connect to the stud at multiple points, at any angle!

2. **SECUREMOUNT ANCHORS**
   Precision-engineered for optimal bracing behind the wall, SecureMount Anchors allow for easy grab bar installation — with no studs required — anywhere on the wall.

3. **SECUREMOUNT SYSTEM**
   The SecureMount System is the ultimate choice in easy, secure grab bar installation. Plus, it provides stylish designs and choices in finishes and features.

MOUNT SECURELY TO A VARIETY OF SUBSTRATES*:

- 1/2" drywall
- 1/2" drywall with tile
- 1/2" drywall with marble
- 1/8" fiberglass tub surround

- 5/8" drywall
- 5/8" drywall with tile
- 5/8" drywall with marble
- 1/4" fiberglass tub surround

*Including multiple layers up to 1½" thick

There is a 300-pound weight capacity when securely installed into above substrates. Limited Lifetime Warranty. Independently tested by CSA and NAHB laboratories to exceed ADA, ASTM, ANSI and CSA standards.

Finish Options

SMA1000
SecureMount Anchors

DID YOU KNOW that 16" grab bars can typically mount directly into studs because the standard stud size is 16" on center? 18", 24", 36" and 42" grab bars will often need an anchoring system when mounted into drywall, as an alternative to stud or wood-block installation.

Moen Lighting

Whether your tastes lean traditional, modern or somewhere in between, Moen® offers a bath lighting choice that will fit your style. Our distinctive lighting options are designed to accent some of our leading faucets. With nine collections to choose from, it's never been easier to tie together the look of your bathroom. Built in the Moen tradition, our lighting offers quality, durability and style.

Waterhill® Bath Lighting
YB9862

VINTAGE and full of character, Waterhill lighting brings provincial elegance to today's more traditional homes.

See page 130 for product details.

Flara® Bath Lighting
YB0362

BALANCED design that blends modern flare and traditional elegance gives Flara it's eye-catching appeal, and creates a new vision of glamour.

See page 106 for product details.

Colinet™ Bath Lighting
YB0562

TAILORED traditional, modern glamour, industrial chic ... all in one. Colinet's uniquely versatile design blends elegant, contemporary elements with beautiful details.

See page 111 for product details.

90°™ Bath Lighting
YB8862

ULTRA-MODERN styling makes 90° lighting a study in minimalism. Geometric forms, squared corners and straight lines create an urban focal point for today's contemporary rooms.

See page 117 for product details.

Voss™ Bath Lighting
YB5162

CRISP edges and uncomplicated style gives Voss lighting an ageless yet fashion-forward presence for transitional style rooms.

See page 140 for product details.

Belfield™ Bath Lighting
YB6462

WILLIAMSBURG–ERA details and intricate design cues give each Belfield light a timeless look, while multiple finish options add a distinctly personalized touch to the traditional styling.

See page 145 for product details.

Brantford® Bath Lighting
YB2262

INTRICATE architectural features that transcend time ensure that Brantford lighting gives any room a polished, traditional look. The globe finial gives this collection a universal appeal.

See pages163-164 for product details.

Eva™ Bath Lighting
YB2862

FLOWING curves give Eva lighting's transitional design a pure and organic form, providing a relaxed feeling to any room.

See page 168 for product details.

Iso™ Bath Lighting
DN0762

TELESCOPING, machined–metal design is Iso lighting's take on European minimalism as it boldly, and beautifully, embraces the future.

See page 231 for product details.

Bath Safety

Grab Bar Guide

Thick lines represent wall studs that are located behind your bathroom wall

Back wall: Full or partial length of the bathtub

(A)

(B)

(C)

Faucet wall: Vertical and/or horizontal bar

SecureMount™ Anchors make it possible to quickly and easily install a grab bar without studs

Note: Wall stud spacing may vary
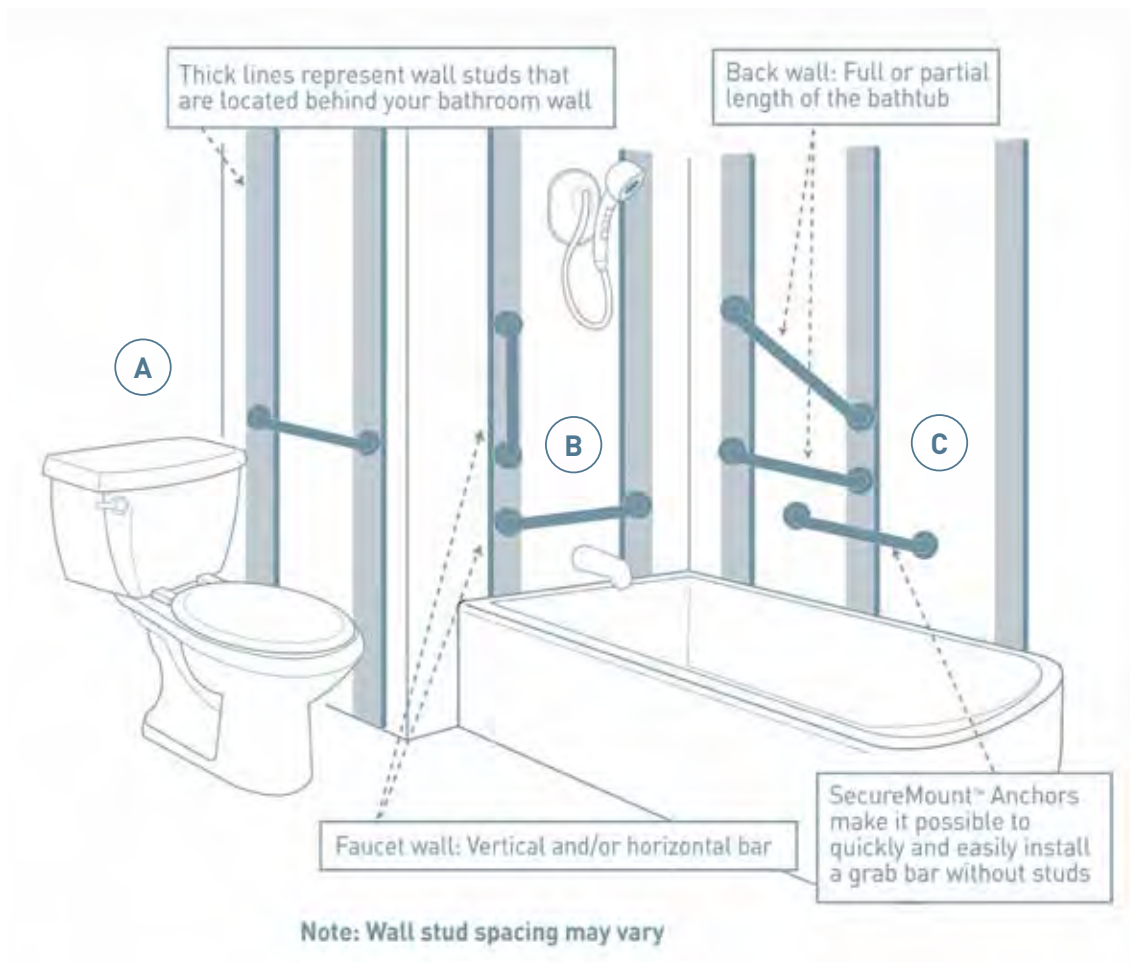

HOW MANY GRAB BARS DO I NEED AND WHERE SHOULD THEY BE INSTALLED?

Health professionals typically recommend three grab bars in a bathroom:

(A) At least one near the toilet

(B) At least one along the showerhead wall or whichever end of the tub/shower you use to enter/exit

(C) At least one along the back wall in the bathtub or shower

WHO SHOULD USE GRAB BARS?

Everyone! People of all ages and abilities can benefit from using grab bars.

WHAT CAN A GRAB BAR DO?

- Reduce risk of falling in the tub or shower
- Help steady yourself while getting into and out of the bathtub or shower

THINGS TO CONSIDER WHEN SELECTING A GRAB BAR(S):

- **Length:** Select a grab bar that is the suitable length for your bath or shower area.

- **Weight Capacity:** Choose a grab bar that at least meets ADA requirements (250 lbs.); SecureMount™ Grab Bars have a 500-pound weight-pull capacity that exceeds ADA requirements (when securely installed into studs).

- **Installation:** Grab bars that feature SecureMount have a design that allows for secure installation into a stud or wood backing at any angle. When using SecureMount Anchors, there is no need for installation into a stud or wood backing.

- **Grip Surface:** Consider a grab bar with a textured surface or grip feature that provides a better hold in a wet bathroom environment.

- **Finish:** Consider a grab bar that matches your faucet and other fixtures.

Choose the Right Moen® Shower Valve for Your Bathroom

How to Choose the Right Valve

VALVE OPTIONS AT-A-GLANCE

	U by Moen™ Shower 2-Outlet Valve**	U by Moen Shower 4-Outlet Valve**	ExactTemp® ¾" Thermostatic Valve***
	Thermostatic Valves		
COMFORT FEATURES			
Personalization — Create settings for every occasion — post workouts, lazy mornings and more.	●	●	
Temperature consistency — Water temperature won't fluctuate even as the hot water in your tank gets low.	●	●	●
Maximum-flow shower spa experience — Provides the greatest balance of force, flow and coverage in a Moen shower spa.	●	●	●
Shower spa compatible — Add an extra showerhead or handshower or design a complete shower spa experience.	●	●	●
CONVENIENCE FEATURES			
Remote activation — Sync your shower to your smartphone to start, stop and pause remotely.	●	●	
Precision thermostatic control — Dial up the same water temperature every day, just like a thermostat.	●	●	●
Voice activation — Activate your shower with the sound of your voice.	●	●	
Volume control — Lets you adjust the amount of water that flows through your tub/shower from a gentle stream to full force.			●
Temperature memory — Dial stays in the same temperature position you last used and returns to that temperature within a few seconds.			●
Warm up and pause — Save water by having the shower warm up to temperature and pause until you are ready to get in.	●	●	
SAFETY FEATURES			
Maximum temperature setting — You can set the hottest temperature setting.	●	●	●
Meets applicable pressure-balancing or thermostatic safety codes	●	●	●
DEPENDABILITY FEATURES			
Limited Lifetime Warranty	●	●	●
Easy-to-replace cartridge	N/A	N/A	●

* Must be used with diverting valves 3372, 3362 or 3375 to obtain shower spa compatibility.

** U by Moen is warranted for 5 years against leaks, drips and operation defects to the original consumer purchaser; 1-year warranty if used in commercial applications. 5-year warranty on digital components, limited lifetime trim warranty.

*** Use with ExactTemp ¾" volume control valves.

Please see **moen.com/consumer-support/warranty** for complete product warranty information.

Shower Valve Flow Rates

Flow Rate vs. Flowing Inlet Pressure of Moen Showering Valves (Unrestricted)

Y-axis: Unrestriced Flow Rate (gpm)

X-axis: Flowing Inlet Pressure (psig)
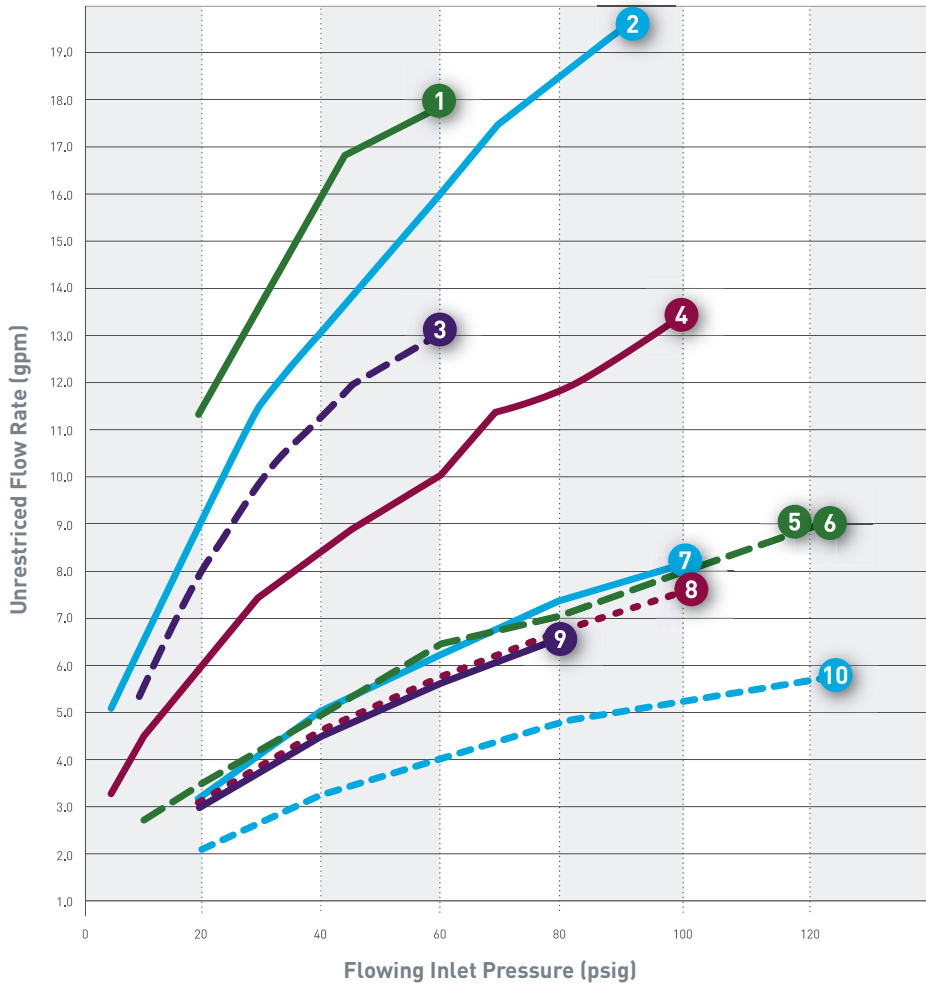

1. **¾" ExactTemp®**
   S3371 ¾" ExactTemp: 18.0 gpm

2. **U by Moen™ Shower – Four-Outlet**
   S3104 Four-Outlet: 16.0 gpm

3. **Volume Control**
   S3600 Volume Control: 13+ gpm

4. **U by Moen Shower – Two-Outlet**
   S3102 Two-Outlet: 10.0 gpm

5. **Posi-Temp® Tub Port**
   Four Port Valves
   Flow at Tub: 6.3 gpm

6. **Posi-Temp Shower Port**
   Three Port Valves
   Flow at Tub: 6.3 gpm

7. **M-CORE™ Tub Port**
   Flow at Tub: 6.2 gpm

8. **M-CORE Shower Port**
   Flow at Shower: 5.8 gpm

9. **M-CORE with Transfer**
   Two Outlets: 5.6 gpm

10. **Posi-Temp Shower Port**
    Four Port Valves
    Flow at Shower: 4.0 gpm

Shower Spa Installation Recommendations

Graph Line	Valve	Flow Rate Through Shower Port (gpm) @ 20 PSI	Flow Rate Through Shower Port (gpm) @ 40 PSI	Flow Rate Through Shower Port (gpm) @ 60 PSI	Use with M-CORE Transfer	Maximum Showering Devices
1	¾" ExactTemp® S3371	11.4	15.7	18.0	No	4 showering devices: Any combination of showerheads, handshowers and body sprays (4 max)
2	U by Moen™ Four-Outlet S3104	9.0	13.0	16.0	No	4 showering devices: Any combination of showerheads, handshowers and body sprays (4 max)
4	U by Moen Two-Outlet S3102	6.0	8.5	10.0	No	Showerhead, handshower or showerhead, 2 body sprays
6	Posi-Temp® Three Port Valves	3.6	5.1	6.3	Yes	Showerhead, handshower or showerhead, 2 body sprays*
8	M-CORE™ Shower Port	3.1	4.6	5.8	Yes	Showerhead, handshower or showerhead, 2 body sprays*
9	M-CORE with Transfer	3.0	4.5	5.6	No	Showerhead, handshower or showerhead, 2 body sprays*
10	Posi-Temp Shower Port Four Port Valves	2.1	3.2	4.0	Yes	Showerhead, handshower*

* Min 50 psi recommended when plumbing a showerhead and 2 body sprays for shared flow
