

MOEN®

ACCESSORIES STYLE GUIDE

Something magical happens when we interact with water. A warm shower can lift the spirit. A cool glass of water can refresh and renew. Exploring water in nature can make anyone feel a part of something bigger. Water is essential to life. It connects us to our environment, and to each other. It's no wonder that being with water inspires a greater sense of harmony with the world and deepens moments that make us feel most alive. With each new product Moen creates, we celebrate water's ability to nourish, cleanse and bring people together. One innovation after another, we create new products and technologies **for the love of water.**

Coordinating Accessories

Danbury® Featured Brushed Nickel Finish

Six Ways to Complete Your Bath

1 Double Curved Shower Rods

With the double curved shower rod, you can create up to 5½" of additional elbow room in the shower while providing visual appeal and adding extra hanging space. These innovative rods are available in five of today's most popular finishes and offer an additional rod to separate the decorative shower curtain from the shower liner.

2 Knobs and Pulls

With our distinctive collection of knobs and pulls, you can create a perfectly matched kitchen or bath, available in an array of styles and finishes.

3 Pivoting Paper Holders

Look for this icon to find products with pivoting innovation!

Now there's no excuse to leave the bath tissue roll empty! Many Moen® paper holders feature an innovative, spring-free design that makes changing the roll quick and easy. Simply lift the arm, insert the new roll and set the arm back into place. The pivoting arm remains attached so there's no spring to lose and no extra parts to drop.

All of our bath accessory collections feature a towel ring, robe hook, 18" and 24" towel bars, and a paper holder. And there is so much more — hotel shelves, tank levers, mirrors and glass shelves are offered in many collections.

4 Decorative Hotel Shelves

Kingsley®, Eva® and Iso™ Decorative Hotel Shelves help create the high-end, coordinated styling of an upscale hotel while adding valuable storage space.

6 Grab Bars

Stylish grab bars like Voss™ bring safety and style to the bath in your choice of chrome, brushed nickel, oil rubbed bronze, matte black, and brushed gold finishes. Even better, SecureMount™ Anchors make installation possible anywhere on the wall, with or without studs.

5 Bathroom Lighting

Lighting fixtures are available in ten of the most popular Moen® bathroom collections. All of the styles can be mounted with globes facing either up or down.

In addition to high-end style, our lighting provides installation benefits. The Quick-Connect Wiring System lets you pre-wire the light fixture to the junction box, meaning there is no need to hold the fixture up to the wall during the wiring process. Glazed sockets help ensure the socket rings install with ease. Additionally, the UL®-listed fixtures are backed by the Moen warranty and our industry-leading customer service.

SAVE TIME WITH THE

Pro-Fit[®] Installation System

The Moen[®] three-step Pro-Fit Installation System is the simple, most innovative way to mount bath accessories. Installation is as easy as 1-2-3.

1. DRILL IT

The innovative template has a built-in level for accurate drilling of pilot holes for both 18" and 24" towel bars or paper holders.

2. SCREW IT

The single-screw mounting system creates a fast and solid installation.

3. CLICK IT

The locking tab clicks to hold the post firmly in place and eliminates the need for a set screw.

DRILL IT

Use the installation mounting template with built-in level.

SCREW IT

Screw in fastener.

CLICK IT

Press on the post until it locks into place.

PRO-FIT

INSTALLATION SYSTEM

IT REALLY IS THAT SIMPLE!

Plus, we've eliminated the set screw. Designed with input from professional installers, the Pro-Fit Installation System was made for faster installation and fewer callbacks. And of course, there's the extra assurance of quality that comes with the Moen brand.

To view online installation videos, visit moenpro.com.

The Pro-Fit Installation System eliminates set screws for faster, easier mounting. There's even a template with a built-in level.

Pro-Fit Installation Template

Kitchen Compliments

EXCEPTIONAL FAUCETS ARE ONLY THE BEGINNING

Who says Moen towel bars are just for the bathroom? With several faucet-matching collections featuring both kitchen and bath fixture options — such as Weymouth®, 90°, Waterhill® and more — we've made sure our accessories can also do double-duty in the kitchen.

Position a towel bar or towel ring beside the kitchen sink or on a kitchen island. Place a hook to hang potholders. Install a decorative shelf to house spices. And don't forget matching drawer knobs and pulls that help you carry the style throughout the workspace.

Kitchen Compliments is about creating a kitchen without compromise. Moen offers exceptional products that deliver all the style and functionality you need in a dream kitchen — now with the convenience of getting it all from one trusted brand. That means a guaranteed style compatibility, quality and satisfaction.

Make Every Bath a Safe Bath™

While bath safety is often only considered for older adults, it should be for all stages of life. From babies to boomers, Moen® offers a full range of products to make baths safe and stylish.

GRAB BARS

GRAB ON TO SAFETY

Moen's line of grab bars is designed to reduce the risk of falls in the tub or shower, while blending in seamlessly with varying styles of bathroom décor.

SHOWER SEATING

SITTING PRETTY

Moen seats, chairs and transfer benches make showering safer and more relaxing. Our products not only provide stability, but they also offer a host of convenient features that will make every shower more pleasant, safe and enjoyable.

HANDHELD SHOWERS

PAUSE CONTROL

Water flow is reduced at the touch of a button with this handheld shower's innovative pause control feature. An easy-to-turn, oversized spray control offers shower, pulsating or massage sprays in addition to the water-saving pause feature.

SecureMount™ Grab Bars and SecureMount Anchors make it possible to quickly and easily install a grab bar with or without studs.

SECUREMOUNT™ SYSTEM

GRAB BARS

+

ANCHORS

=

SYSTEM

EASY, SECURE INSTALL... ANYWHERE ON THE WALL™

1. SECUREMOUNT GRAB BARS

The unique flange makes it easy to connect to the stud at multiple points, at any angle!

2. SECUREMOUNT ANCHORS

Precision-engineered for optimal bracing behind the wall, SecureMount Anchors allow for easy grab bar installation — with no studs required — anywhere on the wall.

3. SECUREMOUNT SYSTEM

The SecureMount System is the ultimate choice in easy, secure grab bar installation. Plus, it provides stylish designs and choices in finishes and features.

MOUNT SECURELY TO A VARIETY OF SUBSTRATES*:

- 1/2" drywall
- 1/2" drywall with tile
- 1/2" drywall with marble
- 1/8" fiberglass tub surround
- 5/8" drywall
- 5/8" drywall with tile
- 5/8" drywall with marble
- 1/4" fiberglass tub surround

*Including multiple layers up to 1½" thick

There is a 300-pound weight capacity when securely installed into above substrates. Limited Lifetime Warranty. Independently tested by CSA and NAHB laboratories to exceed ADA, ASTM, ANSI and CSA standards.

SMA1000
SecureMount Anchors

DID YOU KNOW that 16" grab bars can typically mount directly into studs because the standard stud size is 16" on center? 18", 24", 36" and 42" grab bars will often need an anchoring system when mounted into drywall, as an alternative to stud or wood-block installation.

Moen Lighting

Whether your tastes lean traditional, modern or somewhere in between, Moen® offers a bath lighting choice that will fit your style. Our distinctive lighting options are designed to accent some of our leading faucets. With nine collections to choose from, it's never been easier to tie together the look of your bathroom. Built in the Moen tradition, our lighting offers quality, durability and style.

Finish Options

Waterhill® Bath Lighting
YB9862

VINTAGE and full of character, Waterhill lighting brings provincial elegance to today's more traditional homes.

Finish Options

Flara® Bath Lighting
YB0362

BALANCED design that blends modern flare and traditional elegance gives Flara it's eye-catching appeal, and creates a new vision of glamour.

Finish Options

Colinet™ Bath Lighting
YB0562

TAILORED traditional, modern glamour, industrial chic ... all in one. Colinet's uniquely versatile design blends elegant, contemporary elements with beautiful details.

Finish Options

90° Bath Lighting
YB8862

ULTRA-MODERN styling makes 90° lighting a study in minimalism. Geometric forms, squared corners and straight lines create an urban focal point for today's contemporary rooms.

Finish Options

Voss™ Bath Lighting
YB5162

CRISP edges and uncomplicated style gives Voss lighting an ageless yet fashion-forward presence for transitional style rooms.

Finish Options

Belfield™ Bath Lighting
YB6462

WILLIAMSBURG-ERA details and intricate design cues give each Belfield light a timeless look, while multiple finish options add a distinctly personalized touch to the traditional styling.

Finish Options

Brantford® Bath Lighting
YB2262

INTRICATE architectural features that transcend time ensure that Brantford lighting gives any room a polished, traditional look. The globe finial gives this collection a universal appeal.

Finish Options

Eva™ Bath Lighting
YB2862

FLOWING curves give Eva lighting's transitional design a pure and organic form, providing a relaxed feeling to any room.

Finish Options

Iso™ Bath Lighting
DN0762

TELESCOPING, machined-metal design is Iso lighting's take on European minimalism as it boldly, and beautifully, embraces the future.

Knobs and Pulls

With our distinctive collection of knobs and pulls, you can create a perfectly matched bath or kitchen and carry your style throughout the room.

Bath Safety

HOW MANY GRAB BARS DO I NEED AND WHERE SHOULD THEY BE INSTALLED?

Health professionals typically recommend three grab bars in a bathroom:

- (A) At least one near the toilet
- (B) At least one along the showerhead wall or whichever end of the tub/shower you use to enter/exit
- (C) At least one along the back wall in the bathtub or shower

WHO SHOULD USE GRAB BARS?

Everyone! People of all ages and abilities can benefit from using grab bars.

WHAT CAN A GRAB BAR DO?

- Reduce risk of falling in the tub or shower
- Help steady yourself while getting into and out of the bathtub or shower
- Assist in safely lowering and raising from a seated position

THINGS TO CONSIDER WHEN SELECTING A GRAB BAR(S):

- **Length:** Select a grab bar that is the suitable length for your bath or shower area.
- **Weight Capacity:** Choose a grab bar that at least meets ADA requirements (250 lbs.); SecureMount™ Grab Bars have a 500-pound weight-pull capacity that exceeds ADA requirements (when securely installed into studs).
- **Installation:** Grab bars that feature SecureMount have a design that allows for secure installation into a stud or wood backing at any angle. When using SecureMount Anchors, there is no need for installation into a stud or wood backing.
- **Grip Surface:** Consider a grab bar with a textured surface or grip feature that provides a better hold in a wet bathroom environment.
- **Finish:** Consider a grab bar that matches your faucet and other fixtures.

Choose the Right Moen® Shower Valve for Your Bathroom

How to Choose the Right Valve

U by Moen™ Shower 2-Outlet Valve**

U by Moen Shower 4-Outlet Valve**

ExactTemp® ¾" Thermostatic Valve***

VALVE OPTIONS AT-A-GLANCE

	Thermostatic Valves		
COMFORT FEATURES			
Personalization Create settings for every occasion — post workouts, lazy mornings and more.	●	●	
Temperature consistency Water temperature won't fluctuate even as the hot water in your tank gets low.	●	●	●
Maximum-flow shower spa experience Provides the greatest balance of force, flow and coverage in a Moen shower spa.	●	●	●
Shower spa compatible Add an extra showerhead or handshower or design a complete shower spa experience.	●	●	●
CONVENIENCE FEATURES			
Remote activation Sync your shower to your smartphone to start, stop and pause remotely.	●	●	
Precision thermostatic control Dial up the same water temperature every day, just like a thermostat.	●	●	●
Voice activation Activate your shower with the sound of your voice.	●	●	
Volume control Lets you adjust the amount of water that flows through your tub/shower from a gentle stream to full force.			●
Temperature memory Dial stays in the same temperature position you last used and returns to that temperature within a few seconds.			●
Warm up and pause Save water by having the shower warm up to temperature and pause until you are ready to get in.	●	●	
SAFETY FEATURES			
Maximum temperature setting You can set the hottest temperature setting.	●	●	●
Meets applicable pressure-balancing or thermostatic safety codes	●	●	●
DEPENDABILITY FEATURES			
Limited Lifetime Warranty	●	●	●
Easy-to-replace cartridge	N/A	N/A	●

* Must be used with diverting valves 3372, 3362 or 3375 to obtain shower spa compatibility.

** U by Moen is warranted for 5 years against leaks, drips and operation defects to the original consumer purchaser; 1-year warranty if used in commercial applications. 5-year warranty on digital components, limited lifetime trim warranty.

*** Use with ExactTemp ¾" volume control valves.

Please see [moen.com/consumer-support/warranty](https://www.moen.com/consumer-support/warranty) for complete product warranty information.

Pressure-Balancing Valves and Cartridge

Volume Control and Transfer Valves

Shower Valve Flow Rates

Flow Rate vs. Flowing Inlet Pressure of Moen Showering Valves (Unrestricted)

- 1. 3/4" ExactTemp®**
S3371 3/4" ExactTemp: 18.0 gpm
- 2. U by Moen™ Shower – Four-Outlet**
