Fireclay

**Timeless Style
and Durability**

SWUF2520BI

The timeless look of fireclay is at home in any décor from traditional to contemporary.

Fashionably Functional

Farmhouse apron front sinks make a style statement because the beautifully glazed material extends to the front of the sink, running alongside lower cabinets.

Reversible Design

Elkay® elevates style to the next level with our reversible farmhouse sinks that allows you to select between two design statements. These sinks can be installed with either a traditional flat front or with a decorative band across the top.

Strength: The finest fireclay is fired at high temperatures for long-lasting durability that is scratch and stain resistant.

Easy to Clean: Available with a glossy surface (in Biscuit and White) or a matte surface (in Gray).

Aqua Divide™: Low center wall allows pan handles to extend over the middle, making it easy to wash large items, like baking sheets, over both bowls.

Porcelain Glaze: Smooth finish is easy to clean.

Quiet: Thick material naturally minimizes sound for a quieter time at the sink.

Drain Fittings: These sinks use standard drain fittings; sold separately.

Bottom Grids: Custom-sized grids have properly positioned drain openings to cover the bottom of Elkay sink bowls.
