Bathroom fixtures crafted by Artisans

PRODUCT & COMPANY

Eco-Brass Valves

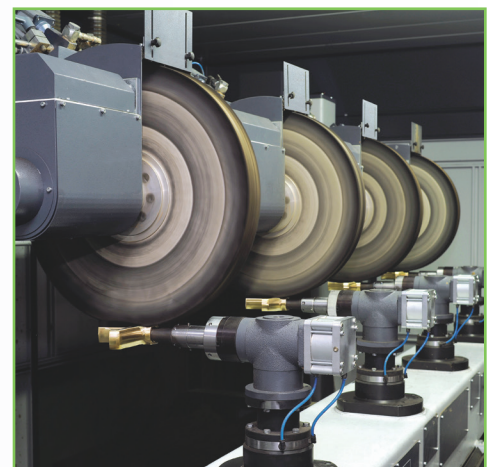

Isenberg three hole, four hole and wall mount faucets use solid brass machined valves Made In Germany featuring quarter turn ceramic cartridges.

Isenberg Free Aerator Program

www.isenbergfaucets.com/free-aerator

Isenberg is committed to promoting the responsible use of water. The Isenberg Free Aerator Program launched in 2016. The program offers free 1.2 GPM aerators at no charge to home owners with a higher flow faucet installed in their bathroom. Swap the aerator & save water.

Belgian Mirror Finish

With a fully automated polishing process Isenberg products have a perfect mirror finish. Our chrome plating is impossibly thin, less than the thickness of a human hair.

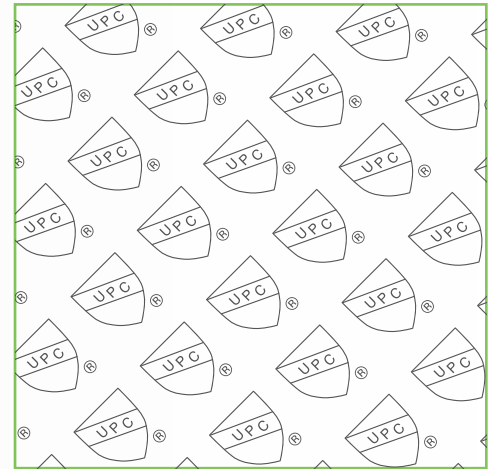

isenberg®
innovation+design

Bathroom fixtures crafted by Artisans

CERTIFIED & TESTED

Isenberg plumbing products are independently tested and certified for mechanical durability by IAPMO and carry the Universal Plumbing Code Logo.

Products carrying the UPC certification are recognized to meet plumbing codes within the USA and Canada.

Process Control

Isenberg's dedication to superior quality is reflected in the fact that our manufacturing from brass to plated fixtures occur in ISO Certified and IAPMO audited foundry's.

Nationwide Aftercare

We realize we have to address your problems 360 degrees and Isenberg-Care takes customer service to the next level. If you need some troubleshooting or have to talk about an issue with a product, just call or email us at:

+1 972 510 5916 / support@isenbergfaucets.com

An Isenberg technical representative will respond within 24 hours. Our nationwide after service network covers most major cities. Spare parts for all our products are cataloged on our specification sheets and available for shipment within 24 hours.

THE FINEST COMPONENTS

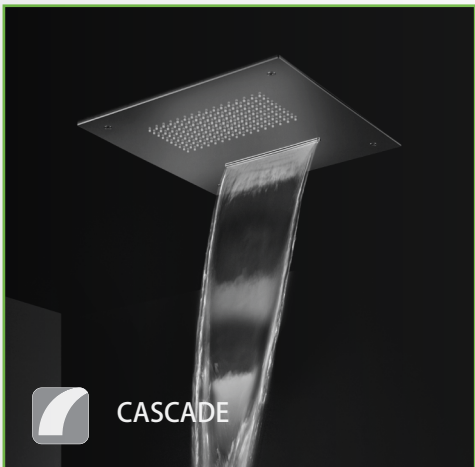

Use the finest components.

Never compromise on quality.

Isenberg's commitment to its customers.

ISENBERG RAIN SHOWERS

Mist- Cascade - Rain

Isenberg offers six different flush mount rain heads, each offering a exciting combination of rain, mist or cascade flow outputs. 2.5 and 1.8 GPM versions available. Use with any 2 or 3 port valve.

Eco-Flow Showerheads

Isenberg is committed to promoting the responsible use of water. Isenberg is one of the few companies that offers **1.8 GPM rain heads in sizes from 6" - 12"** all meeting EPA Watersense criteria.

Belgian Mirror Finish

All Isenberg flush mount rain heads have a superior and perfect mirror finish. Rain heads are easily removable for cleaning.

Put Some WaterSense In Me!

Responsible Luxury™

Isenberg's dedication to the conservation of water reflects in the fact that Isenberg rain / shower heads and hand holds are available in 1.8 GPM flow rate versions.

1.5 / 1.2 GPM Faucets

Isenberg's lavatory faucets come in 1.5 and 1.2 GPM versions for maximum water savings.

2.0 / 1.8 GPM Hand Helds

Isenberg's hand holds come in 2.0 and 1.8 GPM versions and include back flow prevention check valves to comply with city plumbing codes.

Master Bath Collection

Substance styled to perfection

Exhibiting free flowing lines and curves that end in a strong foundation, the SERIE 260, is a symphony of style.

Fashioned to reflect the organic forms of nature, this faucet collection enhances the quality of a bath-space with its incredibly lucid structure.

Every aspect of this faucet mirrors a design sensibility that stands between contemporary chic and inviting warmth.

Master Bath Collection

The pleasure of working with first class materials and components and the constant desire to perfect aesthetics and function led to the Isenberg SERIE 196.

The SERIE 196 collection is a balanced combination of precise pointed shapes with radius edges and a stylish flat spout, which leads to a eye-catching contrast, refreshing like a shower in the morning.

Master Bath Collection

The Isenberg SERIE 160 features an uncompromising design with perfectly pointed shapes. The mixers appear as pure and clear as the water they give.

The SERIE 160 design consistently relies on corners and edges composed into extra-ordinary shapes. It is high tech in form and function - a tribute to the pure aesthetics of technical precision in both machining and design.

Bathroom fixtures crafted by Artisans

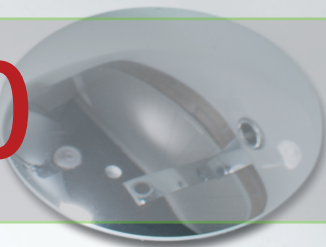

Master Bath Collection

The Isenberg SERIE 150 builds upon Isenberg's signature square shaped designs. It combines tried and tested cubic angles with a revitalized handle design adding a touch of panache to your bath space.

The SERIE 150 lever is an expression of strait line art. The collection comes with 23 pieces to ensure your bath is complete.

Bathroom fixtures crafted by Artisans

The Isenberg SERIE 100 combines noble design with good handling, expressing pure modern culture. The ensemble of basin, shower and bathtub mixers transform your bath-space into a statement of clear and formal beauty.

The soft SERIE 100 lever is an expression of high comfort and clarity. Bathroom objects inspired by modern classicism make up the well balanced concept of this collection - creative bathroom culture at its best.

Secondary Bath Collection

A minimalist classic, Isenberg's SERIE 180 boasts smart, curved and clean lines with a refined profile. The slim geometric levers make the SERIE 180 easy to use while still maintaining a soft contemporary look.

The bold curved form of the SERIE 180 spout blends seamlessly with its square body adding a sculptural aspect to its design.

Bathroom fixtures crafted by Artisans

Inspired by water, the CASCADE collection features gleaming mirror-finished faucets and tub fillers that recall the beauty of a wave. From beneath the sweeping edge, water flows smoothly and serenely through a slit for waterfall-like dispersal, designed to enhance one's sensory perceptions.

These outstanding designs have managed to upgrade the term "FAUCET" from a simple distributor of water to a central and primary furniture element in your bath-space. The CASCADE is designed to become a protagonist of the environment in which it is placed.
